Sterile Processing Technician

Program Overview

- 5 Courses
- 19.9 Continuing Education Units (CEUs)
- 15 Exams
- 1 Graded Report

Core Training Topics:

- Allied Health Careers
- Building Blocks of Sterile Processing
- Sterile Processing Technology, Part 1
- Sterile Processing Technology, Part 2

Earn Industry-Aligned Credentials

This program helps you prepare for the following certification exam:

- **Certified Registered Central Service Technician (CRCST) exam** - offered by the **Healthcare Sterile Processing Association (HSPA)**
 - Prep materials and a voucher to cover the cost of the certification exam are included.

**The CRCST certification requires that learners pass the certification exam and complete 400 hours of hands-on experience in a sterile processing department. These hours can be completed before testing or within six months of passing the exam. For more information, visit the HSPA website. Penn Foster doesn't require learners to complete the CRCST examination or the 400 hours of hands-on training as part of their studies.*

Program Completion Timeline:

- **Fast Track: 2 months***
- **Average Time: 4 months***

**The estimated completion times are based on completion times for consumer learners enrolled in this program from May 2021 – April 2022, excluding withdrawals. Enterprise Solution rates may be higher but are highly dependent on implementation choices.*
